FAQ – Donations and Fees

Question	Answer
1. Classroom Supplies: Can we require students to have certain classroom supplies as they begin the year or semester with us?	Any supplies (including paper, pencils, protractors, novels, or workbooks) that are required for a class must be provided to students if they do not voluntarily bring them in as a donation. (E.C. 38118, 60070)
2. Student Planners: Can students be charged for academic planners?	If students are expected to have and use an academic planner they should be treated as a necessary school supply and provided for those students who do not wish to donate funds for their purchase. (E.C. 38118)
3. Science Labs: Can students be charged for science lab materials?	Donations on a voluntary basis can be accepted for science lab materials but required fees are not permissible. A fee waiver system does not make the fee allowable. A fee can be charged for eye safety devices, at a price not to exceed the direct cost. (E.C. 32033, 38118, 60070).
4. PE: What is permissible with regard to PE uniforms and PE locks?	If a PE uniform with school logo is required for all PE students, it must be provided as a necessary school supply. If students are required to have "standardized physical education apparel" of a particular color, but can purchase the apparel from another source, then a school uniform can be offered for purchase to students as an option. However, a student's grade cannot be adversely affected based on failure to wear standardized apparel when the failure "arises from circumstances beyond the control of the student." Students cannot be required to purchase locks, but can be required to pay for loss or damage beyond normal wear and tear. (E.C. 38118, 48904, 49066(c))
5. Athletic Transportation: Can athletes be charged a fee for transportation to athletic events?	The courts have determined that extra-curricular activities, including athletics, are educational in nature and an integral part of the educational program. Fees are therefore not permissible. (Hartzell)
6. Sports Spirit Packs: Are donations allowable for sports participation or for uniforms?	Donations are allowed but participation cannot be linked to funds raised. A requirement to raise or provide funds in order to participate is the same as requiring a fee, which is impermissible. (Hartzell)
7. Projects/Personal Property: Are fees allowed for personal property the student makes and wishes to keep, such as ceramic or woodshop projects?	A charge may be made for personal property from, for example, a ceramics, sewing, or woodshop class that the student chooses to take home. Such materials fees cannot be charged in advance and should not exceed the direct cost of the materials used and provided by the school. Students should not be charged for items which remain at school. (E.C. 17551)
8. Parking Permit Fees: Can a high school charge parking	A school can charge parking permit fees. It is one of the twenty permissible fees. (Vehicle Code 21113)

card as a prerequisite for participation in any curricular or extracurricular activity is prohibited as well. If an ID or ASB card a voluntary option they are permissible. Replacement of lost cards can be charged a fee. (Hartzell, E.C. 19910-19911, 48904) 10. Fieldtrips: Can a fee be charged for a fieldtrip? Fees for field trips and excursions in connection with courses instruction or school-related social, educational, cultural, or athletic activities are permissible, as long as no student is prevented from making the fieldtrip or excursion because of a lack of sufficient fun (E.C. 35330(b)) 11. Lost or Damaged Books / Locks: Can students be charged a fee for replacing a lost or damaged book or other school issued supply? 12. Science Camps: Can a school continue to charge students for attendance at science camps? 13. Attendance at Games or Performances: Can an admission fee be charged for a sport or performing arts event? 14. Duplication of student records; Can a school charge for reproduction of student records; Can a school charge for reproduction of student records? 15. Caps and Gowns: Can a student be charged for the rental of graduation caps and gowns? 16. PSAT/PLAN/AP Tests/SAT/ACT: Can students	permit fees?	
instruction or school-related social, educational, cultural, or athletic activities are permissible, as long as no student is prevented from making the fieldtrip or excursion because of a lack of sufficient fun (E.C. 35330(b)) 11.
