

Laser VisionCareSM Program

With the VSP Laser VisionCare Program, you'll enjoy a safe and successful path to better vision. In addition to fully covered visits before and after your procedure to your VSP[®] doctor, you'll get special pricing on services from a VSP-contracted laser vision center.

VSP Laser VisionCareSM Program

Enjoy Discounted Pricing¹

VSP offers special pricing with participating centers, which means up to hundreds of dollars in savings for you. Contact a center near you to learn more about their pricing.

How to Use Your Benefit

1. Visit vsp.com to learn what to expect during your procedure. If you don't already have a provider, you can also find a VSP Laser VisionCare doctor and confirm your eligibility.
2. Make an appointment with a participating VSP doctor to schedule a complimentary screening. If you're a candidate for laser surgery, your VSP doctor will provide pre-operative care, coordinate your procedure with a VSP-contracted laser vision center, and co-manage your treatment plan.²
3. After your procedure, be sure to return to your VSP doctor for post-operative care and ongoing management of the health of your eyes and vision. You may be able to use your VSP frame benefit for non-prescription sunglasses to protect your eyes from the sun. Ask your VSP doctor for details.

1. The VSP Laser VisionCare Program is a discount plan only. Discounts only apply to services received from a VSP participating laser center. No monetary benefits are payable to members under this program. 2. The laser vision correction screening and consultation with your VSP provider are complimentary. If you have a pre-operative exam and don't proceed with the procedure, your VSP provider may charge an exam fee up to \$100.
