

Aeries.Net (Web) Navigation Tree

- Search for students using the magnifying glass. You can use the right/left arrows to go forward and backwards through the students.
- Use 'My Favorites > Edit My Favorites' to add screens/reports as a shortcut menu.
- Click on 'Student Data' to expand menu to see various screens of student data.
- Click on 'Scheduling > Classes' to see students class schedules.

The screenshot shows the Aeries SIS navigation tree for the 2015-2016 school year. The interface includes a search bar at the top with navigation arrows (left, magnifying glass, right) highlighted by a green box and a green arrow pointing left. The navigation tree is organized into sections: 'STUDENT FLAGS', 'MY FAVORITES (6)', 'STUDENT DATA', and 'ATTENDANCE ACCOUNTING'. The 'STUDENT DATA' section is expanded, showing sub-items like Profile, Demographics, Supplemental, District Supplemental, Contacts, Attendance, Attendance Enrollment, Enrollment History, Attendance History, Grades, Guidance, Interventions, Test Scores, Medical, Scheduling (with sub-items: Classes, Course Requests / Schedule, Crs Attendance, Individualized Academic Plan), Programs, Other, and Reports. The 'Edit My Favorites' link under 'MY FAVORITES' is highlighted with a green box and a green arrow pointing left. A red box highlights the 'STUDENT DATA' section and its sub-items. The 'Import Se' button is visible at the bottom right.
