How to Clear your Cache

Your first line of defense when having issues with unusual things occuring in Aeries, data not showing up, funky data, etc. is to "Clear your Cache". If you continue to have issues after that, please contact Operations.

• Go to View All Forms

- Filter for Variables for Current User.
- Select Aeries Variables for Current User from the list then click OK.

All AERIES Forms	aded. Click on OK to u can also select one	load form. Or a	□ □ ⊠ loubleclick on o be displayed.
